Dear Sportsman,

Although Dead Man's Pass Ranch specializes in Whitetail hunting, we also offer weekend get-aways during the off season. The ranch is only minutes away from Lake Amistad, The Devils River and so many more area attractions. So pack your bags, bring your friends and family, grab your fishing pole and bathing suit and come on!

IT'S TIME TO COOL OFF! Fishing, Swimming or Snorkeling What's your pleasure?

Bring your group of buddies for a fishing trip on Lake Amistad. With over 850 miles of shoreline and 68,000 acres of sparkling water, it's one of the largest and most popular lakes in Texas. Lake Amistad also boasts some of the best lake snorkeling and scuba in the state, the best large mouth bass fishing in the world, and one of the largest collections of archaeological sites anywhere. Two gushing underwater springs, Indian Springs and Good Enough Springs, add over 2 million gallons of spring water to the lake every hour.

If you love to fish, Lake Amistad offers some the best bass fishing in the world. It has been considered one of the most under-fished lakes for many years. Lake Amistad currently enjoys not only excellent stocks of Largemouth Bass, but also the hard-fighting Striped Bass, Crappie and Sunfish. Because the fish are plentiful, fishing is excellent. People come from all over to participate in the many fishing tournaments year round.

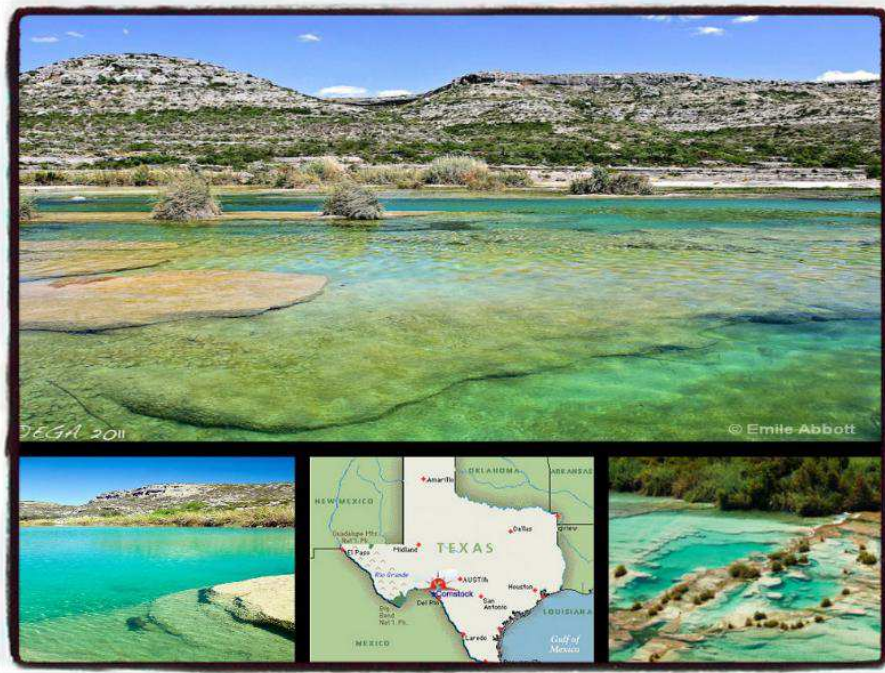

Have you ever seen the Devils River?

The Devils River is a pristine, whitewater river. It begins at the northwest Sutton County where six watercourses come together: Dry Devils River, Granger Draw, House Draw, Jackson, Flat Rock Draw and Rough Canyon. It flows southwest for 94 miles and empties into the northeaster shore of the Amistad Reservoir.

The Devils River is considered the most unspoiled river in Texas. Its remote location limits pollution from human and animal populations. In addition, the river flows underground for part of its journey. As it passes underground, the gravel, sand and limestone scrub the river water clean before it re-emerges some 20 miles downstream.

The Devils River is undoubtedly the most beautiful stream in Texas. With crystal clear water, often cliff lined, with springs pouring out of the cliff along the way, it is also known as one of America's finest and most productive small mouth bass fisheries. Its beauty is beyond description.

WAIT!

There's so much more to see!
